Welcome to Hongdee!

Since 2009, Hongdee has proudly provided motorized medical instrument tables, as well as a full range of Ophthalmic equipment to the Ophthalmic market. Our instrument tables are known to Ophthalmologists, clinics, hospitals, and distributors in more than 80 countries.

We have a long-standing commitment to our customers. We provide responsive pre- and post- sales communication. Our sales team is waiting to help you to select the most appropriate instrument table to meet your needs.

Our factory manufactures all of our instrument table and stool models completely in-house, including processes like laser cutting, drilling, welding, polishing, painting, and more. Our production capacity can meet all your order and delivery needs. We're experienced as an OEM manufacturer, currently manufacturing medical tables for several well-known brands. Let us manufacture a stock or custom designed instrument table for your new product, your full product line, or your key customers.

We look forward to developing a new partnership with you!

Partner with us!

A Global Supplier

Hongdee has shipped more than 100,000 instrument tables to over 80 countries in the past 15 years. Our tables are FDA Listed, CE Certified, and ETL Approved. Our factory meets the strict requirements of ISO 13485 and 9001.

Variety

Choose from more than 11 instrument table models accommodating 1, 2 or 3 instruments. Four of our most popular models are described below, including our wheelchair accessible table.

Built Strong

Our tables are built strong with high-quality components that will last for years. All table models will support 110lbs (50kgs), and some models are strong enough to hold a maximum load of over 300lbs (140kgs).

Add Your Logo

Enhance your brand by adding your company logo to your order of instrument tables. We offer a crystal plate logo or stick-on logo. A logo fee or minimum order quantity may apply.

OEM Custom Table Design

If you don't find a table in our catalog that fits your requirements, partner with us to design a table to your own specifications. We'll be your OEM manufacturer. We're an experienced OEM supplier for top brands.

Excellent Prices

We offer attractive prices for comparable featured and quality tables.

Fast Shipment

We ship orders for tables within 2 - 10 business days based on the table model and order quantity.

Easy and Quick Assembly

Our tables ship complete with all the parts needed for assembly in less than 10 minutes.

HD-18B

1 Instrument or 2 Instruments
Tabletop size: 750x480mm (29.5"x18.9")
Load capacity: 50kg (110lbs)
Elevation range: 670-870mm (26.4"x34.2")

HD-18T

1 Instrument
Tabletop size: 450x550mm (17.7"x21.7") includes drawer
2 Instruments
Tabletop size: 480x810mm (18.9"x31.9")
Load capacity: 50kgs(110LB)
Noise level: less than 48db
Elevation range: 660mm-860mm (25.6"-33.8")

HD-18T Large tabletop

HD-40C

2 Instruments or 3 Instruments

Tabletop size: 1100x575mm
(43.3"x22.6")

Load capacity: 50kg (110lbs)
